### A Note from the Director/ Synopsis:

Hi, my name is Olive. I am a senior Motion Pictures Production Major at The University of Miami. I am creating a short film this summer that I intend to enter into student film festivals. Shooting the film will take place in July. Most shoots will take place on weekends, but I will work as best as I can with cast/crew schedules. My goal is to shoot this in four to max six days. All locations will be around South Bend/ Mishawaka. No rehearsals. No compensation. There will be food on set, everyone will receive a copy of the film on completion, and everyone will be listed in the credits. This story follows the life of a young adult overcoming a spinal disease through perseverance and the help of his/ her mom, despite the fate given by various doctors.
