

About Muzology:

Muzology was established to enable ALL learners to optimize their potential by using music videos to make learning math engaging and effective. Developed by a team of learning experts, PhDs, and hit songwriters, Muzology helps students learn critical math skills and procedures while having fun.

Muzology's music spans pop/hip-hop/rap genres. Each video features an artist performing a song, which the Muzology team writes and produces.

How to Get Involved: SEEKING ON-SCREEN TALENT + SINGERS

We are looking to cast a team of Muzology Artists!

Qualifications:

- Ability to sing or rap, and perform/dance in Muzology videos
- Must be engaging, charismatic, and display strong vocal skills
- While not mandatory, the intention is to have an artist that continues with the Muzology brand throughout the entire video series.
- Muzology songs include pop, hip-hop, rap genres. However, artists of other genres may apply for consideration.
- Artist must be reliable, connect/appeal to younger students, and project a positive image both on and off camera.

To Apply:

Please email links to the required performance and speaking videos to info@muzology.com

Required:

- Video of artist performing/singing
- Provide examples of artist speaking to the camera. This can be a social media post or a video created specifically for Muzology.
- Diversity is encouraged
